## Xploit Evora 2012

### The Xploit website - exploit it !!

... offers you a wide range of material and experiences from the Xploit project, including reports, documents and videos.  
 The website is continuously updated...

[www.xploit-eu.com](http://www.xploit-eu.com)

The 3 year EU funded Xploit project contributes to building up the capacity in local communities to develop into Learning Communities by  
**Addressing lifelong learning at a systematic level**

**Exploiting European learning resources**  
**Establishing new communication infrastructures in the communities**

Xploit will not only offer learning community guidance to its own communities, but also to selected communities in Europe. More communities should benefit from the Xploit resources.

Due to longstanding contacts between Xploit partners and the Evora community, it is natural for the project to establish a dialogue with Evora stakeholders, interested in lifelong learning, learning communities, student and teacher mobility and European cooperation.

The dialogues in Evora in February aim to establish a permanent contact between the Xploit project and the Evora community.

### Xploit community experience

Take a look at the outcomes of Xploit community activities in for example Swansea Wales, Salt Catalonia, Catania Italy and in Israel.

### Re-motivating disengaged youth

20-22 of June the Xploit coordinator organizes a European conference in Aarhus Denmark about unfolding the inclusion potentials of learning technologies.

### Are we losing the new generations?

The EU LABlearning project is developing new media based learning facilities for disengaged young people. The initiative is very relevant to the Xploit communities.
