Community Platform

for

Action Phase 1

COMMUNITY NAME

COUNTRY

The community platform for the first action phase is based on the Community Profile, the Guide Dialogues, the Salt Training Days and the follow-up dialogues. The platform should be concrete, realistic and include the potentials for taking further steps within and beyond the Xploit project.

*Please provide as short and precise response as possible
Please return platform questionnaire before the 1st of July 2011*

Please briefly describe what focuses, catalysts or organizers you wish to employ in the community's first action phase (the "first steps")

text

Which target groups will you address in the first action phase?

text

What organisations, stakeholders and people will you be collaborating with in the first action phase?

text

What are the key aims and success criteria for your first action phase?

text

What kind of obstacles do you foresee?

text

Please briefly describe how you expect the first action phase to contribute to the overall Xploit objectives: developing new lifelong learning infrastructures in the community and exploiting European learning resources

text

How do you, at the moment, see the relations between the first and the second action phase in your community? (the "first steps" and the "next steps")

text

How do you plan to document and describe the Xploit community activities during the first phase?

text
